Innspel frå PsykSTIP i arbeidet med Helsecampus Årstadvollen (HCÅ)

🕒 October 20, 2017 📁 Uncategorized 👤 tfi043

Følgjande punkt er utarbeidd på bakgrunn av samtalar med stipendiatar i alle dei fagmiljøa ved fakultetet som er planlagt inn i HCÅ. PsykSTIP opplever eit stort engasjement i stipendiatargruppa for korleis det skal leggjast til rette for gode arbeidsforhold i det nye bygget. Basert på signala ein har fått har PsykSTIP formulert følgjande krav til arbeidsplassar for stipendiatar ved HCÅ:

- o Stipendiatar kan dele kontor med andre stipendiatar, men ikkje sitje i større opne landskap. Det bør vera maksimalt 3-4 stipendiatar pr. kontor. Kvar kontor må vera skjerma for støy utanfrå.
- o Kvar stipendiat vert tilbydd eige cellekontor for det siste året av PhD'en og i andre situasjonar som krev dette
- o Stipendiatar skal plasserast innanfor instituttet sine veggjar

Argumentasjon for desse krava er utdjupa i det følgjande:

Kontorfasilitetar som passar arbeidsoppgåvene: Stipendiatane er svært opptekne av at kontorlokala for stipendiatar vert utforma i tråd med arbeidsoppgåvene stipendiatane har. Fram til no har dei foreløpige teikningane av HCÅ, blant anna utforma på bakgrunn av
